Sheriff Cunningham and Page Otero, deputy, arrived in the city last night having in custody Dionicio Sisneros, one of the accused murderers of Gabriel Montoya. whose body was recently found in a vault at Las Vegas The prisoner was captured at Las Palomas, Arizona, after an exciting chase of many days.

Frank Frazer of Cripple Creek, Colorado, one of the best practical mill and smelter men in the west has been in the city since last Saturday. He returned to Hell canon yesterday morning with H. T. Mckinney. He is associated with D. Berridge and party in working the Lone Star mine there The party has head quarters at the Highland, this city.

A petition has been in circulation be tween Winslow and Gallup, Wessinger's route just before that affair with Shea, for which "Big Sam" is awaiting sentence at St. John's, asking funds to enable friends of the prisoner to secure legal aid in defending Wessinger if a change of venue is granted. It is rather late for a change of venue, but it is pessible to carry the case to a higher court.

There are good vocalists among the

Santa Fe train hands. Several freights were tied up at Lamy Junction last evening for nearly an hour, and as there was e young man with a guitar in the depot office, eight or ten train and enginemen gathered around him, and the junction people enjoyed an excellent impromptuglee club concert for about forty minutes. March from the Leonora Symphony by Raff, played by four ladies on two piance. The steady swing of this stirring march, beginning very softly as if in the distance and coming steadily nearer till the crashing chords of the climax are reached and then dying away again ! the softest pianissimo, has always it a very popular concert number.

Spring is full of terrors to all whose constitution is not able to resist the sudden changes of temperature and other insalubrities of the season. To put the system in condition to overcome these evils, nothing is so effective as Ayer's Sarsaparilla. Take it now.

Our better halves say they could not keep house without Chamberlain's Cough Remedy. It is used in more than half the homes in Leeds. Sims Bros., Leeds, lows. The religion special Cutting the Trans-t entirental atmosph

At 9:48 o'clock last evening, the Henry Seligman special train, of private coach 215, a day car, baggage car and engine 436, with Engineer Murphy at the throttle, all under Confuctor Chas Oder, with Division Superintendent Dyer on board, steamed into the city. The run from Las Vegas to this city, 133 miles, over steep mountain grades, was made in three hours and twenty minutes, and from La Junta, a distance of 348 miles, in eight hours and forty five minutes. The run from Alameda to this city, a distance of eight miles, the gap was covered in the lightning speed of seven minutes and onequarter. The run from Chicago to Albujuerque, nearly 1400 miles, was covered in the remarkably fast time of thirty-two hours. The longest stop between Chicago and Albuquerque was only sever minutes. Not a hot box was encountered and nothing has happened to impede the progress of the rapidly moving train The train remained long enough at the ocal depot, about three minutes, for En gineer Dixon to move up with his power ful locomotive, No. 36, and as Jas. Norton, his fireman, opened the furnace and began loading up with coal, Conductor 'Red Hot" Frost gave the signal to fly, Dixon pulled the lever. Norton rang the bell, and soon the special train was leav ng the limits of the city at a speed of iffy miler an hour. Old No. 36 has a record, she can thunder along with any kind of train, without much distress, at the rate of sixty miles an hour, and Dixon put her through to her utmost speed between here and Winslow. Mr. Seligman is the son of Josse Seligman, the big New engineer in Mexico, states that there are York banker, whose death occurred at queer laws in operation down there. Solid Improvements in Progress Along the Atlantic & Pacific Road.

THE VILLAGE OF NAVAJO.

Wisslow, April 23. The past two weeks have been exces sively dull in the "Prairie City," owing to the absence of some twenty citizens in by one they are returning, and before another pay day business will have resumed its usual character.

IMPROVEMENTS. During the year enting the past week here have been more dwellings contructed in Winslow than for a like pedot in preceding years. In 1892 Co-operative association, under the diection of Agent Aspinwall, built twelve rick buildings which, together with the ive erected in 1803, are all occupied, as ere all the dwellings, stores and churches centioned below. In fact there are no mpty houses, unless it be a "shack," in Winslow, and a dozen new dwellings would find occupants at once This beng the case it is apparant that Winslow has jumped shead rapidly in the past two cears. The disposition to put up fences s general, and this involves considerable outlay It will be noticed by the list below, to say nothing of the number so occupied, that most of the dwellings were constructed for the personal use of the persons named. The north side is preferred, no buildings, other than the row of frames south of the station (company property), being seen, except Dr Dryden's office and the library. W. A. Parr. the contractor, constructed the greater in the subjoined list, which is complete, sesibly with one or two exceptions. forter put up several and has contracts to fill, while in some instances the owners fish pond. let contracts by day work. The erection of a handsome stone depot is a possibility this summer, at least during the year Here is the list of buildings er ... sed since May 1, 1893:

Dwellings-C. L. Flinn (two rebuilt), \$2000; Chas. Moss, \$600; B. Hyde, \$850; Dan. Dowling, \$700; A. J. Gray, \$650; J L. Creswell, \$500; E. A. Rang, 900; W A. Parr. \$300; Martin Dadey. \$300; L. E. Mrs. Catherine Kelly (two), \$800; Rev. Pooler, \$850; Sam Allen, \$350; Mrs. Traey, \$300; Chas. French, \$650; all the boye are frame. F. W. Smith (brick), \$1650; five brick, Co-operations association owners, \$5000; Fred. Demarest, brick and stone, flats, divided into three s. \$6000. Store building Woods, \$1500. Churches-Union, brick, \$1,800; Methodist, \$2000; repairs to buildings, \$2000; fences, etc., \$2000; contracts let lately to Parr-Mrs. Living stone, \$1000; Mrs. Francis Davis, \$500. To Porter-Henry Downs, \$850. Contracts for other dwellings are under consideration. Added to the above an important item is track laying in and about the yards and round house; also the prospective rebuilding of the Catholic

The planting of hundreds of shade fruit trees within the city limits during head as it means improvements in beau tifying the city

FISH AND GAME.

The Winslow Gun Club and Game Pro ective association have secured a strip of land southeast of town on which they will build a shed 30x12, and set apart s room for the storage of birds, outfits, etc. A veranda with seats will be arranged facing the shooting ground, and the usual Sunday afternoon shoots continued The club is a new organization and has a membership of thirty. Officers: Frank Moore, president; Richard Bauerbach, secretary and treasurer; R. Kruse, W. D. Howe, U. Z. Rand, executive commitse. A convention of clubs will be held at Phonix, May 1, and several members Winslow may attend. Recent depredations led several members to request your correspondent to publish the followng which explains itself:

Sec. 995-It shall be unlawful for person to take or catch any fish in any stream, pend or pool in the territory of Arizona, with any seine or net. Sec 998—It shall be unlawful for any

person or persons at any time to take, kill or destroy any fish with giant powder or any other explosive substance.

Sec. 1000—Any persons violating above subject to a fine of not exceeding \$100 than \$15 and costs of prosecution, and if fine is not paid, subject to impris-onment till paid; provided such impris-onment shall not exceed one day for each
